PRICE LIST

Evergreens, Fruit Trees and Plants

FOR SALE BY

ELMER REEVES THE WAVERLY NURSERY WAVERLY, IOWA

NORTH-WEST OF I. C. DEPOT

TELEPHONE NO. 375-J

In making these prices I expect to meet any reasonable competition and will gladly correct all mistakes made and replace trees that are unsound or not in good condition when delivered. I want your trade, and can and will do better by you than traveling salesmen can possibly do. Trees will be packed and delivered at depot or express office at rates given in this list, but on large trees the cost of box will be charged. Terms are cash before shipment unless otherwise arranged. Certificate of Nursery Inspection furnished with each order shipped. Write for prices on large orders.

APPLES.

My apple trees are grown by grafting long scions on apple roots grown on my own grounds. This is the method that experience has shown to produce the best trees. The varieties are the hardiest and most valuable for this climate, and all trees are absolutely true to name.

All trees should be planted firmly in well prepared ground. Do not expect a tree to do well where a hill of corn will not grow and mature well, I make the the uniform price on apple of \$35 per 100 and allow the customer to make his own selection of varieties and sizes of trees. I have all sizes of most sorts up to six feet above ground when planted.

SUMMER VARIETIES.

✓ Duchess—Hardy and an early and abundant bearer and good cooker.

✓ Yellow Transparent—Earliest and best best eating, fruit white and juicy.

✓ Tetofsky—A choice early apple for cooking and eating.

✓ Red Transparent—Like Yellow Transparent, but striped with red and the tree is less inclined to blight.

FALL VARIETIES

✓ Wealthy—The most valuable of all the apples for this section. Hardy and a rapid grower. Fruit red, juicy and delicious.

✓ Longfield—Very early and abundant bearer of choice eating apples.

✓ Patten's Greening—Very hardy, an abundant bearer of large, flat, green fruit of best cooking quality.

✓ Eastman—A seedling of Fameuse that will rival Wealthy in size, appearance and value.

✓ Wolf River—The largest apple grown. Bright red and showy. Hardy.

✓ Sugar Loaf—A new sweet apple of choice quality and bears young.

WINTER VARIETIES.

✓ Northwestern Greening—Fruit large, greenish yellow and smooth. Tree thrifty and an abundant bearer.

✓ Windsor Chief—A good grower and bears young. Fruit large, red and of choice quality. Keeps well.

✓ Gano—Like Ben Davis but a hardier tree and better fruit.

✓ Tolman Sweet—Hardy and the best long keeping sweet.

✓ In addition to the above I have Iowa Beauty, Hibernial, Spear, Fameuse or Snow, Melinda, Salome, Grimes' Golden, Delicious, Jonathan, King David and many others in small supply.

✓ Of crabs I have Whitney, Hyslop, Minnesota, Mercer and Briars Sweet.

PLUMS.

✓ DeSoto—Red and Yellow and of choicest puality. Bears abundantly.

✓ Wyant—Early, dark red and a freestone of excellent quality.

✓ Forest Garden—Early, large and delicious.

✓ Miner—Late and one of the old standards.

✓ The above are of the hardy sorts. I have also several varieties of the blue and yellow sorts that are less reliable, but of choice quality. All plums 40 cents each. Ask for price on hundred lots.

CHERRIES

✓ Early Richmond, Montmorency and English Morello are best. Four to five feet. 40 cents.

✓ Compass—A cross between plum and cherry, ripe in August. Three to four feet. 40 cents.

PLUMS.

✓ Flemish Beauty and Keiffer. These have proven best and all should try a few trees of this choice fruit. Each 40 cents.

CURRANTS.

✓ Victoria, Red Dutch and White Grape. Among the large number of sorts that I have tried these prove best. Two year roots, each 15c.

✓ Lees' Prolific, black, each 15 cents.

GOOSEBERRIES.

Downing—Large and green when ripe and of good quality. Two year roots, each 15 cents. Per 100, \$10.

Turner, Cuthbert and Iowa—The reliable sort.....	.50	3.00

BLACKBERRIES.

Snyder and Ancient Britton.....	.50	3.00
---------------------------------	-----	------

STRAWBERRIES

Having tried many varieties of this fruit I have learned that but few meet all the requirements, and have decided that the following are best. These are perfect in bloom and will bear a full crop when planted alone. They produce a large crop of choice berries of dark color and are best for the farmer who grows only for family and for the grower for market. I have other sorts, but these are best.

The Everbearing varieties of the Strawberry have proven the greatest addition to our list of fruits of recent years. Plant in spring and the fall will bring a crop of luscious berries. I have tried many varieties but the most reliable of all is Progressive. Per 100, \$2.00
 Senator Dunlap and Aroma.....100 for \$1; 1,000 for \$5.00
 August Luther, a very large, choice berry, per hundred.....\$1.50

ASPARAGUS.

Conover's Collosal, two year roots.....100 for \$1.00; 1,000 for \$4.00

---	-----

PEONY.

	Each	Per 100
A choice collection of over forty varieties of all colors and shades, from dark red to white. The later ones are rose-scented and very beautiful. Divided roots25	\$20.00

GLADIOLA

This is the most satisfactory of all flowers. It is neat, showy, lasts a long time either in the garden or as a cut flower, and the combinations of colors are wonderful. I have many of the choicest varieties but to encourage planting in satisfactory quantities, I offer a mixture of the best sorts at less than wholesale price

Mixed, per hundred.....		\$1.00
Named sorts, each.....	.05	

CLEMATIS.

	Each	Per 100
Paniculata, small flowers, white and sweet scented..	.25	
Henryii, large white.....	.50	
Madam Eoudard Andre, large and bright carmine....	.50	
Jackmini, large blue and purple.....	.50	

ROSES.

Crimson Rambler, fine climber, two year roots.....	.25
Dorothy Perkins, pink and white, vigorous.....	.25

Norway Spruce, 4 to 6 feet, per 100.....	25.00
Norway Spruce, choice specimens, each.....	1.00
Scotch Pine, Balsam Fir, White Spruce, and Arbor Vitae at about same prices as Norway Spruce	
Colorado Blue Spruce, select blue, 2 feet.....	7.00
Colorado Blue Spruce, select blue, 3 to 4 feet.....	7.00
Concolor Fir, a western tree of great beauty and Douglas Spruce, the tree from which the western Fir lumber is made at same prices as Colorado Blue.	

Plant your windbreak this spring. Evergreens make the best windbreak and take the least room. Bring plenty of wet straw to pack your load of trees and so be sure they will grow.

HEDGE PLANTS

Amoor Privet, two-yr., 2 feet, per 100.....	\$10.00
Arbor Vitae, Norway Spruce and various other plants are also used for hedges.
